### Description

The system should display an error message when user omits to complete "Address" field, but it does not perform as expected

### Pre-conditions:

- 1. User must have acces to the system
- 2. User acces "New Customer" form

### Steps to Reproduce:

Let in blank the "Address" field

### Expected Result:

An error message saying "Address field must not be blank" is displayed

### Actual Result:

The system does not display an error message and user can omit "Address" field
