Description

The system should display an error message when user uses special characters for "Address" field, but it does not performing as expected.

Pre-conditions:

- 1. User must have acces to the system
- 2. User acces "New Customer" form

Steps to Reproduce:

Complete "Address" field using special characters

Expected Result:

An error message saying "Address field does not allow special characters" is displayed

Actual Result:

The system does not display an error message and user can use special characters.
